

# New Concept - New Play Style

Pulltabs Plus introduces Super 5x Pays. Offer your players something different and fun to play.

The top 2 windows will tell the player an amount they have won. The bottom window is the multiplier which tells the player how many times to multiply that prize. See examples below.

Note: Lots of winning tickets use the same win layout. The multiplier with "cashier" in the bottom window is what differentiates them.

All tickets have a built-in security feature. Scratch with a coin and see security win bars appear or hold under a UV light and the win bars will glow green.

Multipliers	
1x	14x
2x	17x
3x	20x
4x	25x
5x	26x
6x	37x
7x	40x
9x	45x
10x	60x
11x	90x
13x	

**Multipliers built into the 2 games.**

Players can have the suspense of opening the top 2 windows first and wait to open the bottom window until after all the tickets have been opened or they could use it as a speed ticket and open only the bottom window and not the top 2.
