It's a pull-tab game that is played along with your paddlewheel, bingo cage or the flare itself.

## MULTIPLE WINNERS ON ONE SPIN!

It's simple to play. Sell all 98 tickets for \$2 a piece. Players can win one of two ways: either they get instant \$2 winners just like on a pull-tab, or they win the larger prizes — \$75, \$25, or \$10 — after the wheel has been spun. The wheel determines what the winning number is. For example, let's say you spin the wheel, and it lands on number 7. Customers who are holding the **red number 7**, **blue number 7** and **green number 7** tickets win the prize amount that matches their prize color. There are thirty Red, thirty Blue, thirty Green hold tickets and 8 \$2 instant winners in each game. Every customer gets either a qualifying number for a chance at the larger prizes or a small instant winner.
